THOUSANDS OF TORAH PACKETS

Distributed domestically from Miami to Los Angeles, and globally from Ramat Bet Shemesh to Holand

In our first year, we have uncovered what we suspected to find - a deep thirst for chassidus and penimiyus in Jewish communities throughout the world.

There are countless beautiful Yidden in Klal Yisroel that are davening today for what we can bring to them tomorrow.

Words of Excitement

So far what I've heard are things that I've never heard or imagined. I've learned iyun, gemara, halacha and poskim but this is a different world. Today all my drashot, and I speak four times every Shabbat, are penimiyut HaTorah. It has impacted how I teach and my home. The program is almost finished, but I would like us to continue the shiurim. It's hard to continue without the limmudim with you. (Mexico City)

It was a rare experience. It was cleansing... (Scottsdale)

Afterwards, we've continued and someone else from our learning group gives the shiur every week. We call it the Aish Lehava Chaburah. (Fair Lawn)

What we can accomplish in the next 2 years

- 2,000 Yidden in shiurim
- 250 Yidden in a high level learning program
- 25 engaged communities
- 3 annual events in Woodmere
- Platform/App Toras Aish Lehava
- Ongoing printed material
- Rabbinic and Shul support services
