Words of Excitement

אש להבה

So far what I've heard are things that I've never heard or imagined. I've learned iyun, gemara, halacha and poskim but this is a different world. Today all my drashot, and I speak four times every Shabbat, are penimiyut HaTorah. It has impacted how I teach and my home. The program is almost finished, but I would like us to continue the shiurim. It's hard to continue without the limmudim with you. (Rabbi Mordechai Tussie, Mexico City)

It was really breathtaking. I can't express it enough. It was a rare experience in my life. It was cleansing. (Rabbi Ariel Shoshan, Scottsdale)

I look forward to our Aish Lehava chabura each week. I appreciate the opportunity to learn in depth from a branch of Torah that I have not had as much exposure to within my formal Jewish education... This limud continues to enhance my avodat Hashem! (Fair Lawn)
